

# Crēdo Cube™

## CRĒDO CUBE™ SERIES 4, 22, 20M, 50M AND DRY ICE

Superior thermal protection in a convenient mid-size container.

The Crēdo Cube™ is a passive and reusable shipper qualified to hold chilled medical materials at a safe temperature for up to five days. This system is ideal for reducing shipping costs or for circumstances in which unexpected delays may occur.

Modular TIC™ (Thermal Isolation Chamber) walls with integrated PCM (Phase-Change Material) and VIPs (Vacuum Insulated Panels) makes conditioning in a freezer for year-round shipping easy and allows effortless packing and storage.

## WHY CHOOSE CRĒDO™ SYSTEMS?

- The most trusted and reliable brand of high-performance reusable shippers with the largest number of sizes and temperature ranges available
- TIC™ walls contain PCM and completely enclose the temperature-sensitive payload ensuring consistently stable performance
- Crēdo™ shippers are highly durable, lightweight, and provide an optimum volume ratio of interior payload space for your products - allowing you to ship more product in fewer containers, reducing distribution costs

## ENHANCE YOUR CRĒDO™ SYSTEMS

- **Crēdo ProEnvision™:** Easy-to-use, secure, web-based asset tracking software and global service centers available to assist customers and maximise their return on investment
- **TIC™ Smart Indicator:** Optional temperature-sensitive label installation specifying an “at a glance” safe temperature reading
